Comprehensive Coverage - All HiRoad Tech+ Coverage as listed above, plus:

We will pay You, or reimburse You, for the reasonable cost to repair or replace any Failure of all parts of Your Vehicle, except for those components and conditions listed in the Exclusions section of this Contract. In addition, the Failure definition above is replaced by the following: Failure refers to the Failure of a covered part under normal service. A covered part has failed when it can no longer perform the function for which it was designed solely due to its condition, and not due to the action or inaction of any non-covered parts. In addition, a Failure will be deemed to have occurred when a covered part has worn beyond the manufacturer's tolerances allowed for the particular Vehicle at the mileage when the problem occurs.

What to do in the Event of a Failure

1. Prevent Further Damage - **You** should use all reasonable means and precautions to protect **Your Vehicle** from further damage. This **Contract** will not cover damage caused by not securing a timely repair of the failed component.
2. If **Your Vehicle** breaks down, return to the Issuing Dealer during normal service department hours. If this is not possible, take **Your Vehicle** to the licensed repair facility of your choice (**You** may contact **Administrator** for assistance in locating a repair facility).
3. Instruct the repair facility that they must obtain an authorization number from **Administrator** prior to proceeding with repairs. The amount authorized is the maximum that will be paid. Any additional amounts need prior approval.
4. In some cases, **You** may be required to authorize the repair facility to inspect or tear down **Your Vehicle** to determine the cause and cost of the repair. **You** will be responsible for these charges if the **Failure** is not covered by this **Contract**. **We** reserve the right to require an inspection of **Your Vehicle** prior to any repair being performed. **We** reserve the right to move **Your** covered **Vehicle** to another repair facility.
5. After **Administrator** has been contacted, review with the repair facility the components that will be covered by this **Contract**.
6. **We** will reimburse the repair facility or **You** for the cost of authorized repairs performed on **Your Vehicle**, less any applicable **Deductible**. All repair orders and necessary documentation must be submitted to **Us** within thirty (30) days by **You** or repair facility to qualify for payment.

Repair Facility Guidelines for Claims Handling

Follow these steps when handling a claim:

1. Advise **Contract** holder that evaluation of a **Failure** does not mean that the repair is covered under this **Contract**. All covered repairs must receive prior authorization from **Administrator**.
2. Have **Contract** holder authorize inspection/tear down of the **Vehicle** to determine **Failure's** cause and cost to repair. Save all components, including fluids and filters, should **Administrator** require outside inspection. Notify **Contract** Holder that cost of tear down will not be paid if it is determined that the **Failure** is not covered under this **Contract**.
3. Determine the cause of **Failure**, correction required and cost of the repair(s).
4. Contact **Administrator's** Claims Department at 800-995-0290 to get authorization to proceed with the claim. Be prepared with the following information when placing the call:
 - a. Customer's Name and **Contract** Number.
 - b. Cause of **Failure** and recommended correction.
 - c. Cost of repair(s).
5. A Claims Advisor will verify **Coverage** and do one of the following:
 - a. Approve Claim - If approved, **You** will be given an authorization number to be recorded on the repair order. The authorized amount is the maximum that will be paid. Additional amounts must receive prior approval.
 - b. Require Additional Evaluation, Inspection or Tear Down - **Administrator** may require an inspection prior to repair being completed. If a tear down is required to determine cause of **Failure**, **Contract** holder must authorize same. Notify **Contract** holder that if the repair is not covered, then **Contract** holder will be responsible for cost of the tear down. Repair facility should save all components requiring inspection, including fluids and filters. The Claims Advisor will arrange for the inspection. If inspection is not made within forty-eight (48) hours, contact the Claims Advisor.
 - c. Deny the claim and provide the reason for the denial.
6. Review **Administrator's** findings with **Contract** holder as well as what will be covered by **Contract** and what portion of the repair(s), if any, will not be covered.
7. Obtain **Contract** holder's authorization to complete repair(s). All repair orders must have customer's signature to qualify for payment.
8. Submit the repair order(s) that must include the **Contract** number, authorization number and authorized amount to **Administrator** within thirty (30) days to the following address:
